Utrecht, 2 April 2009

Dear Filippo,

During the last meeting of the EA Multilateral Agreements Council of 25/26 March 2009 the report on the extraordinary evaluation of your accreditation activities, performed in March 2008, was discussed.

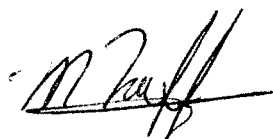

Upon the outcome of the report and the studying of the report by an EA MAC Task Force Group, the EA MAC were pleased to learn that sufficient confidence was gained with respect to all fields under evaluation.

We are therefore happy to inform you that your Accreditation Body is allowed to remain an EA MLA signatory in the fields of inspection and certification of Management Systems, Products and Persons.

EA MAC members did not yet take a decision on the date of the next re-evaluation as this will largely depend on the new organisational structure in Italy.

Please do not hesitate to contact me in case you should need further information.

With my best regards,

Gro Rødland

Chair of EA Multilateral Agreements Council
